

HEALTH AND SAFETY CONSULTANTS AND TRAINING SERVICES

Site Supervision Safety Training Scheme Refresher (SSSTS -R)

The Site Supervision Safety Training Scheme – Refresher (SSSTS-R) course is for candidates who have previously passed the full Site Supervision Safety Training Scheme (SSSTS) course or subsequent refresher course and can provide proof of attendance.

This refresher brings your health and safety knowledge up to date, as well as giving you a thorough overview of the legislative changes and their impact in the workplace. It builds on the material in the original course covering a wide range of topics as suggested below.

The SSSTS course is endorsed by Build UK as the standard training for all construction supervisors.

Topics covered:

Legal and management; Health and safety law, CDM Regulations, health and safety management systems, risk assessments, method statements, statutory inspections, checks and monitoring, accident reporting, injuries and ill health, leadership and worker engagement

Health and welfare; Health and welfare of the workforce, first aid and emergency procedures, COSHH, asbestos, dust and fumes, noise, vibration, and manual handling.

General safety; Site set up and security, fire, electricity, plant and equipment and lifting operations.

High risk activities; Working at height, temporary works, excavations, underground and overhead services and confined spaces.

Environmental awareness and waste control; Environmental awareness, pollution, waste materials and nuisance noise, dust and light.

Course information:

The cost of this course includes all registration/certification fees and the publications - GE 706 Construction Site Supervision and GT 700 Toolbox Talks.

Entry requirements:

The Site Supervision Safety Training Scheme – Refresher (SSSTS-R) course is for candidates who have previously passed the full Site Supervision Safety Training Scheme (SSSTS) course or subsequent refresher course and can provide proof of attendance. Candidates must be competent in English at site supervisor level. Please contact us if you have any concerns in this area.

Assessment and exams:

This is a highly interactive course delivered by means of case studies, classroom discussion, group work and individual/group presentations. You will be continuously assessed and required to successfully complete a question paper, made up of multiple-choice question and short written answers.

Qualifications/certification:

Upon successfully completing the course you will be awarded a CITB Site Safety Plus certificate valid for 5 years. To remain certified in this area, you will need to take a refresher course before the expiry date on your certificate, otherwise the full course will need to be retaken.
